

LEARNING THAT PAYS OFF:

Benchmark, Validate, Succeed

Turn assessments into measurable with **SITRAIN SkillGauge**

- **Prove ROI on Learning:** Pre and post assessments establish quantifiable benchmarks that objectively validate skill development..
- **Targeted Learning:** Identify competency gaps upfront so learning addresses your team's specific needs.
- **Confirm Mastery:** Post-learning evaluations verify proficiency in Siemens technologies.
- **Boost Confidence & Performance:** Certified skills reduce errors, speed troubleshooting, and improve system reliability.
- **Drive Operational Impact:** Verified skills reduce errors, accelerate troubleshooting, and improve the reliability and uptime of Siemens automation systems.
